

A tribute to incredible Women in Hospice Palliative Care

We celebrate you not just on Women's Month, but the unwavering spirit, resilience, and compassion that define each one of you. In the noble field of hospice care, you are the beacons of light guiding those in their most vulnerable moments. Your dedication knows no bounds, and your impact goes far beyond the walls of our Hospice care centres.

In a world where empathy often takes a back seat, you embrace it wholeheartedly, nurturing the spirit and soothing the pain of those under your care. Your hands offer comfort, your words bring solace, and your presence is a testament to the power of love in caring. Every life you touch, every smile you inspire, paints a mosaic of hope against the canvas of despair.

Remember, in the face of challenges, you are unbreakable. Like the African sun rising each day, you rise above every obstacle, shining your light on the darkest corners of life. Your compassion is a force that knows no limits, transcending language, culture, and circumstance. The difference you make might often go unnoticed, but its echoes resonate eternally.

As women in a hospice care setting, you exemplify the nurturing essence of womanhood. Your ability to show strength in the face of pain, and kindness in the midst of suffering, sets a profound example for us all. Your actions speak louder than words, reminding us that true empowerment lies in service to others.

Making a difference by providing and promoting quality palliative care for enhanced quality of life

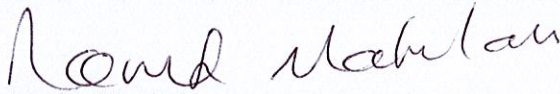

While the path you've chosen can be emotionally demanding, always remember that you are never alone. Your colleagues stand beside you, a united front of support and understanding. Lean on each other, share your stories, and find strength in unity. Together, you create an environment where compassion thrives, and lives are transformed.

In celebrating Women's Month, we also celebrate your unwavering commitment. Your actions breathe life into the words of great leaders and activists, echoing that "the way to right wrongs is to turn the light of truth upon them." In your care, you turn the light of truth, compassion, and healing upon the shadows of pain.

As you continue this journey of love and service, remember that you are not just caregivers; you are beacons of hope, ambassadors of empathy, and warriors of the heart. Your hands hold the power to heal, your words have the ability to uplift, and your presence brings peace.

So, in this Women's Month, let us salute you – the remarkable women in the hospice care . May your spirits remain unbreakable, your hearts boundless, and your legacy everlasting. Thank you for being the embodiment of compassion and the true essence of what it means to care.

Huge respect, abundant blessings, and love

Dr Ronita Mahilall

CEO: St Luke's Combined Hospices, St Luke's Hospice, St Luke's Hospice Foundation
