

MESSAGE FROM OUR CEO

"September brought with it bursts of energy, spring sunshine, and a massive sense of pride across St Luke's Combined Hospices!

We recently wrapped up our 46th Annual General Meeting and Public Presentation for the year that was, and WOW; what an absolute triumph! The room was buzzing with inspiration, reflection, and celebration as we looked back on an extraordinary 2025/26 year and sharing our visions and plans for the year ahead.

As we stepped into Heritage Month, we are celebrating the magnificent tapestry of cultures, stories, and backgrounds that make up our team, our patients, and our community. Our diversity is our strength, and our unity is what drives us to deliver compassionate, heartfelt palliative care every single day.

But here is the ultimate truth: NONE of this would be possible without YOU; our extraordinary donors and supporters!

You are the heartbeat of St Luke's. Your generosity keeps our doors open and ensures that every patient receives dignified, comfort-filled palliative care when they need it most. Simply put, you make our hospice viable, vibrant, and full of hope.

Thank you for standing by us, honouring our shared heritage, and helping us bring compassionate palliative care across Cape Town!

With immense gratitude and warm spring wishes"

-Dr Ronita Mahilall

ANNUAL PUBLIC PRESENTATION

On 17 September 2026, St Luke's Combined Hospices hosted its Annual Public Presentation, bringing together staff, supporters, stakeholders and members of the community for an update on the organisation's work and the year ahead.

The annual presentation provides an important opportunity to reflect on the work carried out across St Luke's Combined Hospices over the past year, share key developments and give our stakeholders a closer look at the impact of the support we receive from our community.

It was also an opportunity to look ahead. As the need for quality palliative care continues, sustainability, community support and strengthening our services remain central to our plans for the future.

PATIENT FEEDBACK

In messages shared with the team, Mrs M Dawson thanked Sister Nono, Donshieca Peters (social worker), office staff, volunteers and drivers for a special outing to Little River in Constantia. She remembered the tea, treats, shade, shared birthday cake and the joy of spending time together.

A few weeks later, she sent another message of appreciation, describing the team's hard work and dedication as a light in patients' lives. For Mrs Dawson, the outing was more than a pleasant morning. It was a moment of connection, safety and belonging during difficult circumstances.

Her words highlight the value of the small, human moments that surround palliative care: a warm welcome, a safe journey, shared food and the knowledge that someone is present. These moments bring comfort and help patients feel seen, supported and loved.

Mrs Dawson's message is also a tribute to the people behind the care. Staff, volunteers and drivers each contribute to experiences that make difficult circumstances more bearable and create memories filled with warmth and dignity.
